AARUSH MEMORIAL TRUST

Respected Sir,

Cancer Fight Foundation, has been taking care of the below poverty level children from the remote villages of West Bengal, suffering from Leukaemia (Blood Cancer) undergoing treatment at Chittaranjan National Cancer Institute (CNCI), Kolkata.

Since during this lockdown period because of the COVID-19 pandemic, we are now struggling to reach out to as many child patients to support their medicines, oral chemotherapy drugs, nutritional food supplements, hygiene products (such as mask, liquid soap, dettol, sanitizer, etc) and various other supporting documents too.

We are thankful to you that you have supported Rs 5000/- to a child cancer survivor (Leukaemia patient) of CNCI miss Isha Jaiswal (9yrs old) for her maintenance which was an emergency. During this very crucial time your support is a very big help for her security.

We look forward to your kind cooperation in future too.

Thanking you in anticipation

Yours Faithfully

Subject : Letter of Appreciation

Dear Members,

Even in your grief you found it in your hearts to help others who are also suffering and fighting the same way; our dear Aarush fought so bravely.

We thank you for your support and thoughtfulness to the children being cared for in our organization. The financial assistance and the refreshments distributed on 29th December 2019 were greatly appreciated

Aarush will be fondly remembered by all of us who had the pleasure to meet him and all his family members while we cared for him.

Thank you so much for your support.

Yours Sincerely,

THANK YOU

We express our sincere and heartfelt gratitude for your kind donation to our Institute.

The Institute of Child Health, India's first paediatric hospital set up in 1956, has been a pioneer in providing state of the art healthcare to children from the disadvantaged sections of our society. ICH is a non-profit teaching hospital, and has been working for the last 65 years providing promotive, preventive and curative services to children, particularly among the neglected and underprivileged people of the community, covering the whole of Eastern India and Bangladesh.

More than six decades of wear and tear coupled with an alarming rise for quality yet affordable healthcare, has taken a deep toll on our infrastructure. The COVID pandemic has also exposed the glaring inadequacies in our country's healthcare system, especially for the deprived population.

These reasons have prompted and inspired us to expand the hospital by adding more capacity which will lead to increased beds (including Paediatric, Neonatal and Cancer ICU beds) and more specialised medical services like a high-risk maternal delivery unit, an upgraded Nephrology department and much more. But to achieve this we need funds and contributions such as yours will go a long way in making our dream come true.

Your philanthropic partnership sustains our mission to save lives and improve healthcare through research, teaching and patient care. Our dedicated faculty and staff strive to develop diagnostic techniques and safer, gentler treatments for children and families struggling with complex diseases. As you know so well, we are committed to partnering science and technology with the best patient care will lead to better outcomes for our patients.

While we thank you once again for your donation, we would also urge you to share this plea with your friends and family members so we can reach out to more people.

You have set an extraordinary example of commitment and solidarity in these trying times.
